Bond 4

Recommended Uses

General purpose binder for encrusting of seed with mineral fillers, supplied as a clear concentrate which can be diluted down to suit different requirements.

Features & Benefits

- Easy to handle
- Concentrated formulation
- Forms a strong flexible film

Use	Binder	Coating Type
Film	Yes	
Encrust	Yes	
Pellet	Yes*	
Binding Capacity	Medium - High	Properties
Opacity	None	
Finish	None	
Flow Rating	Medium	
Dust Control	Medium	
Colour(s)	Neutral	

* Not recommended for high build up.

Physical Properties

pH Range	5.0 - 6.0
Viscosity	600 - 1000 cP (RV04, 120 RPM)
Density	1.0 - 1.1 g/ml

Notes

Check for compatibility before use.
